

COMPACT - BLACK

MB11.004

The Elite COMPACT first aid kit bag makes for the ideal space saving emergency responders tool kit. This highly compact and lightweight kit bag features easy open, drawstring, full length zips, exposing the entire contents in seconds. Internal compartments and elastic loops allow critical first aid materials to be securely stowed and quickly removed. A strong carry handle and MOLLE type PAL strapping on the back panel makes this pack easy to attach to other packs, vests or belts, ensuring it is always at hand when needed.

Features

- Belt strap and MOLLE panel.
- Night and day reflective banding and glow in the dark, drawstring zip tabs with reflective zips for high visibility in any conditions.
- Tough handle with red Velcro band to ease location. Removable Velcro badge.
- Double full length zips for single pull, fast contents display.
- Elasticated internal side pockets and main pouch with drawstring to secure contents.
- Front fold out panel with adjustable elastic loops for stowing items of varying sizes.
