

## FAST - BLACK

### MB11.005

The Elite FAST leg pack is the ultimate in agile, compact emergency first aid kits. With the super fast, full length, high vis, double zipped front flap, the entire contents of the pack can be displayed in seconds. Anti-slip leg straps ensure the bag can be positioned accurately and securely, while quick release, durable buckles allow for fast deployment when needed.

### Features

- MOLLE back panel allows universal attachment to packs, belts or vests.
- Elasticated side bands to affix items such as a torch, gloves or keys.
- Glow in the dark, drawstring zip tabs with reflective zips for high visibility in any conditions.
- Double full length zips for single pull, fast contents display.
- Tough handle with red Velcro band to ease location. Removable Velcro badge.
- Elasticated internal side pockets and main pouch with drawstring to secure contents.
- Drain hole at the base of the bag.
- Front flap with adjustable elastic loops for stowing miscellaneous items.
