

HELMBAG - BLACK

MB11.026

A robust and functional backpack designed for carrying helmets and essential equipment in emergency situations. Ideal for firefighters and rescue personnel who need quick access to their tools.

Features

- Material: Made from durable and resistant plastic, designed to withstand wear in rescue environments.
- Color: Red for high visibility in critical conditions.
- Fluorescent pull tabs: Enhance visibility in low-light situations.
- External helmet pocket: Spacious and secure front compartment for quick helmet access.
- Adjustment straps: Ensure stability and comfort during prolonged use.
- Additional pockets: Internal and external pockets for organizing tools, gloves, and other necessary accessories.
- Attachment system: Reinforced straps to distribute weight evenly.
